## ABOUT ME

**A** Game Designer passionate about creating emotionally resonant and visually immersive interactive experiences. Skilled in **gameplay systems, level design, and narrative integration**, with hands-on experience in **Unreal Engine, Unity, Maya, and Blender**. Believes in structured workflows and efficient execution to bring creative visions to life. Thrives in collaborative environments, from cross-functional teams to fast-paced game jams, consistently delivering meaningful and memorable player experiences.

### SOFTWARE PROWESS

## EXPERIENCE

### Content Analyst and Writer

Sportskeeda

March 2025 - September 2025

Worked as a Writer and Analyst at Sportskeeda, creating articles and guides on popular video games while researching gameplay mechanics, characters, and story themes to ensure accuracy. Collaborated with editors to maintain quality and deliver engaging, informative content for a wide gaming audience.
